I am a rapper, with mad skills, I have been rapping for four years. I am from Chicago. I have been doing shows in the Cincinnati area for some time now. I'm trying to get signed and eventually own my own record label. I can open for headliners, or I can be a headliner. I am 22 yrs old, and I have done the Black Family Reunion, and Juneteenth which are events that take place in the summer in Cincinnati, along with other venues.
