Formed in April 2009 in Jacksonville, NC, Die To Live is a band of songwriters that busted out of the gates. With a full set of original songs, Die To Live is rocking eastern NC with their brand of straight-forward rock. Drawing influences from decades of rock greats like AC/DC, Crazy DeBorne, Def Leppard, Alice In Chains, 3 Doors Down, Nickelback, and Shinedown, Die To Live continues the great rock tradition with memorable melodies, lots of distortion, powerful vocals, and a kick-a** rhythm section.
