Born in the downtown Fan District of Richmond, VA, I have been listening to music my entire life. Music is my life and my life is music.

I have been doing mixtapes for about 3 years now, and will continue to grind out mixtapes.

Recently I have been added to the ELITE Slip-N-Slide DJ's and remain one of the MIXSHOWBLAST DJ's and it has been an honor.

Currently I am working on doing remixes, and will eventually work toward producing and doing tracks for artists.

If you're an artist and you want to host a mixtape, feel free to email me at:

djdestiny.twistedstudios@gmail.com

I will put together a mixtape for you, including artwork, and get you out to over 500,000 industry A&R's, other DJ's, and tastemakers & decisionmakers, and ALL for a reasonable price.
