This is me, Erica Janelle. I am the real deal, not hatin and no fakin, simply jus doin the things i love! I believe that when your blessed wit raw talent, you do what you do to the best of your ability. Im not out here workin in this industry to say im the best or im the only female who can do what i do, im jus here to share my god given gift with the world! im all about goin for your dreams and capturing your passions... i live in reality so im as real as it gets. I aint rich, i dont have fancy things, but thats not what its all about! I've been writing since i was a little girl, its my way to release everythings i need to say. Music to me is more then just music, its love, its honor, its truth and its my strength when i hit rock bottom an nothing or no one is there for me, MUSIC never left my side! Im 19 years old and i cant wait to share my music with the world i have high hopes and exspectations for myself, they don't call me Mz. Proud for no reason! Its cuz im proud of what i do an i try not to live with regrets! so watch out world... here i come! *Proud 2 Be me... -Mz. Proud
