So whats new in my world? I've been spinning hits for the past 15 years. Recently I have started to get into production for the past few years including a few remixes, some original tracks and a few in the works at the moment. The most recent remix was the "Superbowl Shuffle" which Aired on Chicago's Dance Factory 92.5 92.7 and 99.9 FM last year during the Bears superbowl run. I have had my fill of nightclub residencies and countless guest spots on the air and in the club. Energy 92.5 and 92.7 FM (no longer around) and was Dance Factory's first guest mixer. Recently I got married in 2005, bought our first house in 2007 and had our son in February of 2007. at the end of 2007 I incorporated my business Blitz Productions Inc. A mobile entertainment company specializing in weddings, corporate parties and a wide range of other events. A few of my mix compilations can be heard on my website www.djblitzchicago.com along with some of my remixes and songs. Whats in store for me now? Continuing producing new tracks and remixes and releasing future mix compilations when the "itch" strikes to do another one.
